

IZ10/L1L2L3NL1/NL2/NL3/N

Specifications

ETI Code	002921276
Description	IZ10/L1L2L3NL1/NL2/NL3/N
Class name	Cu rail
Function	Section rails
Type	Fork + Pin type
Rated voltage (V)	500
For use with	EFI4+ETIMAT1N, KZS1M
Type accessories	Cu rail

Other documentation

- Technical data catalogue
- 3D Model
- CE declaration
- Eplan file

ETIM international clasification

Classification	EC000215
Class name	Phase busbar
Number of poles	4
Suitable for number of devices	12
Module width	17,8mm
Cross section	10mm ²
Length	210mm
Rated permanent current I _u	63A
Type of electric connection	Other
Insulated	1
Max. rated operation voltage U _e	500V
Suitable for devices with N-conductor	1
